

ANDREAS STIGSBØL KRÜHLMANN

PERSONAL INFORMATION

BIRTH DATE: 16. May 1996
COUNTRY OF ORIGIN: Denmark
EMAIL: kruhlmann@protonmail.com

WORK EXPERIENCE

MARCH 2012 - AUGUST 2013	Full-stack developer and designer for Copenhagen Judo, Denmark Developed and designed an enrollment website using <i>PHP, HTML, CSS, Javascript (jQuery)</i> with a <i>MySQL</i> database
NOVEMBER 2013 - MARCH 2017	Game developer at Deeepgames Deeepgames was a start-up initiative I created with my co-developers Sebastian and Elmar. We've since then released multiple games for Android using Java and LibGDX and written the book building a 3D game with LibGDX (published by Packt Publishing).
FEBRUARY 2015 - 2019	Student worker at Siemens Mobility. I've worked with many different technologies during my stay at Siemens, where I supplied software solutions directly to in-house customers. The solutions ranged from VB6 Excel macros all the way to Android apps and websites.
FEBRUARY 2019 - NOW	Data technician intern & student coordinator at Siemens Mobility A/S. Following my stay as a student worker in Siemens Mobility I began my data technician internship in the same department, where I had previously been working, now managing and coordinating the student talent pool.

EDUCATION
